A Message from the Director: Janet Boutin

Happy New Year! I hope all of you had a special holiday season shared with family and friends. St. Peter's staff has enjoyed the extra time with their families and are excited about starting the second half of our school year. We will make sure there are many fun activities to look forward to in the upcoming year.

Thank you for supporting the SPPA's Big Give. The Big Give helped to underwrite our Annual Fall Festival. Thank you to our SPPA, teachers and church youth volunteers that planned and worked so hard to make this a super evening of free family fun. The Big Give donations will be used to help start much needed upgrades around the school campus. Last year, the library, staff work spaces, office and school supply room all benefited from your generosity. Thank you to our SPPA for being so supportive of our young students, staff and school.

Registration for the 2025—2026 school year will begin February 18th. Information regarding registration will be coming home the beginning of February. Please take advantage of this week to sign your children up for our next school year. If you know a family that would be interested in receiving this information, please have them contact the School Office at stpeterskerville@hotmail.com 830-257-0257.

In closing, I would like to thank our School, Church and community for 56 years of ongoing support. Thank you.

Special Blessings!

Severe Weather

This is just a reminder that in the event of severe weather (flood, ice, etc.) St. Peter's School follows Kerrville ISD school closings.

If there is severe weather, please tune to local radio stations and listen for information regarding KISD school closings or visit the [KISD Website](#) for updates. Whatever KISD does, St. Peter's School will follow (if they close schools, we will too. If they delay school opening, we will follow).

Note: No make up days 

Health and Safety At School

News Release 11/14/2023
Consumer Product Safety Commission

Children's Toys:

Did you know? CPSC, in collaboration with U.S. Customs and Border Protection (CBP), seized more than 1.1 million dangerous or illegal toys in fiscal year 2023. Of those, nearly 101,000 toy seizures were lead related.

- Follow age guidance and other safety information on toy packaging and choose toys that match each child's interests and abilities.
- Get safety gear, including helmets, for scooters and other riding toys—and make sure that children use them every time.
- Keep small balls and toys with small parts away from children younger than age 3 and keep deflated balloons away from children younger than age 8.
- Once the gifts are open, immediately discard plastic wrappings or other packaging on toys before they become dangerous playthings.
